12th Street Lobby, TW-A325  
Washington, DC 20554

**Re: Ex Parte Presentation**  
**IB Docket No. 01-185; ET Docket No. 95-18**

Dear Ms. Dortch:

On May 15, 2002, Diane Cornell, Vice President for Regulatory Policy for the Cellular Telecommunications & Internet Association ("CTIA"), had a phone conversation with Peter Tenhula, Senior Legal Advisor to Chairman Powell, regarding issues related to the Terrestrial Flexibility NPRM and New ICO's ancillary terrestrial component proposal. She indicated that the issues raised in this proceeding could best be resolved by the FCC concluding that the 2.1 GHz band Mobile Satellite Service (MSS) should be reallocated from MSS to other uses, including terrestrial services, and that the reallocated spectrum be auctioned in accordance with Section 309 of the Communications Act.

Pursuant to Section 1.1206 of the Commission's Rules, this letter is being filed with your office. If you have any questions concerning this submission, please contact the undersigned.

Sincerely,

Diane Cornell

Diane Cornell
